ment of James M. Holliday of Hollis-  
ter, who asks the republicans of the  
western district to honor him with the

known to the older citizens, and hav-  
ing been in active business for several  
years, feels that if nominated and  
elected he will be able to guard the  
interests of the county in a manner to  
give general satisfaction.

### Will Missouri Win At Frisco?

The Missouri State Board of Agri-  
culture today calls the attention of the  
people in every section to the impor-  
tance of planning in a practical way  
to win one or more of the cash prizes  
offered by the Missouri Corn Growers'  
Association. "Now is the time to  
prepare for war"—for success in  
township, county and state corn con-  
tests.

The outlook is for a banner corn  
year. Missouri must battle for na-  
tional and international corn show  
honors at San Francisco next year—  
and now is the time to equip for vic-  
tory, is it not? Plant "tested and  
not guessed it" seed this year and  
take no risks.

### A. J. Craig for Western Judge.

We this week publish the announce-  
ment of A. J. Craig as a republican  
candidate for renomination to the office  
of associate judge of the county court  
from the western district. Judge Craig  
is one of the substantial farmers of  
Jasper township, and having held the  
office to which he aspires for the past  
two years, asks the support of the  
voters on his record.

### State University Will Celebrate Anniversary

Phenomenal as has been the growth  
of the great State of Missouri in the  
last seventy-five years, its greatest  
educational institution, the University  
of Missouri, has likewise made a won-  
derful growth. The cornerstone of a  
little building was laid at Columbia,  
July 4, 1840, after an act passed by  
the state legislature establishing the  
University. Now it requires thirty  
buildings to take care of the students  
that come from Missouri, from other  
states in the Union and from foreign  
countries.

Missouri's great state school takes  
rank with the leading educational in-  
stitutions of the world.

On Wednesday, June 5, the seven-  
ty-fifth anniversary of the founding of  
the University will be celebrated at  
Columbia with appropriate exercises.  
The alumni of the institution and  
citizens of the state will be the guests  
of the University.

Wednesday morning there will be  
talks by alumni of the University, a  
representative of the state, and the  
secretary of the United States Depart-  
ment of Agriculture. At 1 o'clock  
there will be a luncheon for the visit-  
ors in Columbia. Then will come a  
military parade; an automobile ride;  
singing on the campus by the glee  
club at 7 o'clock in the evening, and  
another musical entertainment later.

The campus will be illuminated.

### Missouri's Baby Contest

The value of a baby contest can  
hardly be estimated, says Bob Bell in  
the Missouri Ruralist. Every woman  
entering her baby can find out the  
physical defects and the means of cor-  
recting them. Again such a contest  
causes a general awakening to the  
needs of the long neglected baby.  
Below are a few rules for the preserva-  
tion of the health and life of the baby:  
Follow a fixed and regular daily  
schedule for the baby's feeding, exer-  
cise and play, rest and sleep, and  
body functions.

The clothing must protect the neck,  
arms and legs; it should be loose and  
comfortable; the underclothing of  
light soft woollens.

Mother's milk should be the food of  
the baby. When bottle fed, use pure  
sweet cow's milk modified under the  
physician's directions.

Games, romps and other baby exer-  
cise favor growth, and give discipline  
in self control.

Do not allow flies to touch the baby,  
his food, or his playthings. They carry  
the germs of diarrhoea, typhoid  
fever, tuberculosis and other death  
dealing diseases.

Disease germs often enter the baby's  
mouth on his "pacifier".  
Never use "soothing syrups", which  
generally contain poisonous sedatives  
and habit forming drugs.

A child trained to regular habits  
and in good health never cries except  
when hungry, tired or uncomfortable.

### The Market Letter.

Kansas City Stock Yards, May 4,  
1914. Killing grades of cattle sold  
steady to strong last week, and stock-  
ers and feeders advanced 25 to 35  
cents, and finished strong. Receipts  
here were 3000 less than same week  
last year. The supply to-day is 8000  
cattle, and prices are strong to 10  
higher on killing grades, strong to 20  
higher on stockers and feeders. About  
40 per cent of the supply last week  
was bought for the country, mainly  
for grazing purposes, and killers are  
showing considerable interest about the  
prospective supply of killing cattle  
available in the near future. The im-  
pression exists that few fed cattle  
remain to come from Colorado and  
Western feed lots. The South Texas  
movement is under thorough control  
and as feed is plentiful there, and six  
weeks before feed and hot weather  
begins to cause cattle to lose flesh,  
no glut from that section are counted  
on. Every week the visible supply  
of beef cattle from other sections  
grows less, and killers are said to have  
become resigned to pay as present  
prices right along for awhile, although  
no substantial advance is counted on  
at this time. Natives sold at \$8.90  
to-day, 40 cents higher than tops a  
year ago, bulk of natives \$7.75 to  
\$8.50, fed Colorados to-day at \$8.25  
to \$8.75, as compared with \$8 a year  
ago for the best ones. All but one  
of the 21 cars in the quarantine divi-  
sion here to-day came from South  
Texas, and sold at \$6.70 to \$7.95.  
Middle class South Texas grassers  
sell around \$7.35, good fed Southern  
worth \$8.25. Some choice stockers  
sold at \$8.35 today, and there is a

## VERA CRUZ WATER SUPPLY IN DANGER

Mexican Officer Demands Sur-  
render of Pumping Plant  
By Marines.

### AMERICANS ARE ON THE ALERT

Funston Reports Large Federal Force  
In That Section Watching United  
States Lines—More Talk of  
Huerta Leaving.

Washington, May 4.—After having  
cut off to a large extent the fresh food  
supply of Vera Cruz, the Mexican fed-  
erals now, it is believed, are planning  
an attempt to cut off the water supply.

In an attempt to obtain control of  
the water supply, a force of fed-  
erals fired several shots at the marines  
guarding the water plant. This was  
in direct violation of the armistice,  
but the Americans did not fire in re-  
turn, and probably no notice will be  
taken of the incident. General Fun-  
ston, reporting in two dispatches to  
Secretary Garrison, mentioned no  
casualties, but said he feared an at-  
tempt to cut the pipe line.

Dispatches from Brigadier General  
Funston on the situation at Vera Cruz  
were the subject of a long conference  
at the war department between Sec-  
retary Garrison and Major General  
Wotherpoon, chief of staff of the  
army. It was said General Funston  
has asked for instructions in view of  
the hostile attitude of the Mexican  
army near the city.

Earlier in the day the general re-  
ported that the American outposts at  
Vera Cruz were being watched by  
Mexicans and there were more than  
10,000 Mexican troops encamped in  
the vicinity.

### Huerta to Retire.

Vera Cruz, Mex., May 4.—Persistent  
rumors continue to circulate here that  
General Huerta intends to retire from  
the provisional presidency of Mexico  
on condition that he be assured a safe  
conduct to a port and placed on board  
a foreign warship.

It is declared in some Mexican cir-  
cles in this city that General Huerta  
was ready to resign a week ago, but  
was prevented from doing so by in-  
ternal dissensions in his cabinet.

The disappearance from the Mexi-  
can cabinet of Jose Lopez Portillo y  
Rojas, the foreign minister, coupled  
with reports that there is a growing  
discontent of feeling in the City of  
Mexico against the Huerta govern-  
ment, is interpreted here as fore-  
shadowing a change in the situation  
in the federal capital.

### Carranza Not for Armistice.

El Paso, Tex., May 4.—General Car-  
ranza has formally declined the sug-  
gestion of the mediators that he cease  
hostilities against Huerta pending the  
outcome of the plan of mediation.  
His note, sent to Washington yester-  
day, was made public today.

### Casasus Coming.

The City of Mexico, May 4.—Joaquin  
D. Casasus, former Mexican ambas-  
sador to the United States, was hur-  
riedly ordered to proceed to Washing-  
ton from Carlsbad, where he has been  
taking the cure. The nature of his  
mission was not made public.

### Plans a Commission Government.

It has developed that the adminis-  
tration has in mind a commission of  
three to supervise affairs in Mexico  
pending a general election a few  
months hence. This commission would  
be made up of one representative from  
the United States, one from Mexico  
and one representing the A. B. C. re-  
publics. All the affairs of the coun-  
try would be placed in the hands of  
these commissioners, who also would  
supervise the elections and guarantee  
a president who would represent the  
choice of the people of the country.

### Closes Mexican Ports.

The City of Mexico, May 2.—A pro-  
position made by the foreign minis-  
ter to send an official commission to  
Washington in an endeavor to arrange  
the difficulties between the United  
States and Mexico was rejected at a  
cabinet meeting.

According to the federal custom  
house rules President Huerta has dic-  
tated an order prohibiting commerce  
with the United States and permit-  
ting the federal commissioners in  
ports the right to reject the entrance  
of American steamers. All cargoes  
arriving from the United States will  
be confiscated by the government.

The Vera Cruz custom house has  
been declared closed to international  
traffic.

### Dr. Ryan to Be Released.

The City of Mexico, May 2.—Dr. Ed-  
ward Ryan of the American Red  
Cross, who was captured at Zatecas  
by the command of Gen. Joaquin  
Mas and sentenced to death as a spy,  
was saved by an order signed by Au-  
rellano Blanquet, minister of war. Dr.  
Ryan will be brought to this city and  
turned over to the Brazilian legation.

### Huerta Fires Portillo.

The City of Mexico, May 2.—A sur-  
prise was sprung on his cabinet and  
the capital by Huerta. The dictator  
has forced Senor Lopez Portillo y  
Rojas, his foreign minister, to resign  
his portfolio and quit the cabinet.  
Senor Portillo was taken completely  
by surprise, but at once submitted.

### Report a General Armistice.

stockers brought \$7.85. Calves are  
25 to 50 cents higher to-day, contrary  
to the usual custom at this season,  
when declines are ordinarily expected.  
Best weals brought \$10. Hog prices  
were slashed 25 to 30 cents last week,  
due to an effort of packers to put live  
animals in line with pork product.

### ROMULO S. NAON

Senor Naon, minister from Argen-  
tina, united with Ambassador da Gama  
of Brazil and Minister Mujica of Chile  
in offering to mediate between the  
United States and the Mexicans.

of the Daily Telegraph says that as  
the result of an armistice the federal  
forces under Gen. Joaquin Mas, con-  
centrated at Saltillo, have received  
orders to make no advance and it was  
hoped in the capital on Friday the  
rebel forces also would ground their  
arms.

### Reports Agreement Signed.

The City of Mexico, May 2.—It is  
reported here that a tripartite agree-  
ment to an armistice was signed here  
by representatives of the United  
States, the fed-erals and the rebels.  
Jose Manuel Cardozo de Oliveira, the  
Brazilian minister, confirmed the re-  
port except as to the actual signing  
of the agreement.

### Huerta Accepts Proposal.

Washington, May 1.—General Huerta  
has formally accepted the proposal  
that there be no further hostilities  
between the United States and Mex-  
ico, pending the efforts of the envoys  
of Argentina, Brazil and Chile to  
bring about an amicable settlement  
of difficulties between the countries.

### Held as Spy.

Washington, May 1.—Unofficial re-  
ports reaching Washington that Dr.  
Edward Ryan, an American in the  
service of the United States govern-  
ment looking after refugees, was to  
be executed as a spy at Mexico City,  
caused Secretary Bryan to make ur-  
gent representations in behalf of Dr.  
Ryan to the Spanish ambassador.  
General Huerta's representative here.

Secretary Bryan said that no news  
of Dr. Ryan's reported plight had  
reached him through official circles  
and that he was not inclined to credit  
the story.

### ENTOMBED MINERS ALL DEAD

Fifty More Bodies Recovered  
From Eccles, W. Va., Mine.

Eccles, W. Va., May 1.—Hope that  
any are alive among the 172 men  
caught in mine No. 5 of the New River  
Colliers Company, wrecked by a gas  
and dust explosion on Tuesday, was  
abandoned last night by government  
and state experts. At 9 o'clock fifty  
bodies had been located in the mine  
and it is expected all of these will  
be brought to the surface before day-  
light. A blacksmith shop near the  
mine tipple has been turned into a  
temporary morgue.

A thorough search of the mine is  
being retarded by falls of rock and  
mine timbers, while waters from  
broken lines covers the mine at some  
points to a depth of three feet. Elec-  
trical pumps are being installed as  
rapidly as possible to clear away the  
water.

As rescue parties penetrated the  
mine yesterday their hopes of taking  
out any of the men alive dwindled  
rapidly. The condition of the bodies  
located, the water in the mine and  
the wreckage that blocked passages  
and mine rooms, made it evident that  
all the miners had perished.

Two crews from the government  
rescue cars equipped with oxygen  
tanks went into the mine tonight to  
make a complete exploration.

### THREE GOVERNORS TO MEET

Colorado, Oklahoma and Kansas Exec-  
utives Will Be Brought Togeth-  
er During Road Tour.

Wichita, Kan., May 2.—The govern-  
ors of Kansas and Oklahoma will  
shake hands on the Oklahoma-Kansas  
line near Chillicothe, Ok., the morning  
of May 21. Governor Hodges will wel-  
come Governor Ammons of Colorado  
and party of good roads tourists to  
Kansas. Governor Crooe of Oklahoma  
will bid them goodbye. Governor  
Hodges will do the same through  
Kansas.

The trip will cover twenty-five  
hundred miles and will require twenty  
days. Governor Ammons has arranged  
to ride in the pacemaker. The party  
is made up of business men of Pueblo,  
Trinidad, Canyon City, Manitou and  
Colorado Springs. It will make social  
and business calls on one hundred  
towns in Texas, Oklahoma and Kan-  
sas.

ers to break the market, and the  
advance of 10 cents to-day indicates  
another failure of packers to perman-  
ently dislodge the high range of  
values existing. They still claim they  
will buy their droves at \$8 before May  
is far advanced. Top today is \$8.45,  
bulk \$8.25 to \$8.40. Sheep and  
lambs are 10 to 15 higher to-day,

## NO MORE ARMS FOR COLORADO MINERS

Maj. Holbrook Puts Embargo  
On Further Importations  
Into State.

### CLOSES SALOONS IN TRINIDAD

Additional Troops Ordered Into War  
Zone by Secretary Garrison After  
Conference With President—  
Guards for Paymasters.

Trinidad, Col., May 4.—Major W. A.  
Holbrook, in command of the federal  
troops in Colorado, today placed an  
embargo upon the importation of arms  
or ammunition into the state. He an-  
nounced that the order was issued  
upon the authority of the secretary of  
war and that any arms shipped in in  
violation of the order would be con-  
fiscated.

The order applies to arms or ammu-  
nition for the use of any person for  
any purpose whatever, except for the  
use of the federal troops.

Major Holbrook sent a letter to  
Mayor W. P. Dunlavy, directing him  
to keep the saloons of Trinidad closed  
until further orders. The order pro-  
hibiting the reopening of saloons is  
contained in a personal letter to the  
mayor, in which Major Holbrook says:  
"The demands of humanity, as well  
as of expediency, require that the sa-  
loons remain closed," and as com-  
mander of the federal forces in the  
district, "directs that all saloons re-  
main closed until further orders."

### Troops to Guard Paymasters.

Major Holbrook announced that to-  
morrow, which is pay day for the min-  
ing companies, he would provide  
troopers as guards, and would not per-  
mit either the operators or the union  
to have armed men on duty when the  
men are paid off. The soldiers will  
accompany the paying officers to the  
different camps.

Coroner D. B. Sipe today received a  
telegram from John Selwager, Austro-  
Hungarian consul in Denver, asking  
for a list of all subjects of Austria-  
Hungary who had been killed in strike  
battles. The coroner announced that  
the inquest over the men killed in the  
Forbes battle would be held early in  
the week.

Further negotiations regarding the  
disarmament of the strikers tonight  
were believed to be in abeyance until  
the arrival of the Eleventh cavalry,  
which is expected Monday night or  
early Tuesday.

### More Troops to Colorado.

Washington, May 2.—Orders to  
quadruple the force of federal caval-  
rymen in the Colorado strike re-  
gions have been sent from the war  
department. The entire Eleventh  
regiment from Fort Oglethorpe, Ga.,  
and two troops of the Twelfth from  
Fort Robinson, Neb., were ordered to  
proceed to the scene at once, Colonel  
James Lockett of the Seventh to take  
supreme command of the situation.

An appeal for more federal forces  
came early in the day from Governor  
Ammons, and was the subject of dis-  
cussion at the cabinet meeting.

Secretary Garrison issued the or-  
ders after a long conference with  
President Wilson. He said the step  
was taken, not because trouble was  
expected, but because it had been  
demonstrated that the five troops of  
cavalry now in the coal fields did not  
provide enough men to cover the  
large territory involved. Reports  
from Colorado, the secretary added,  
were very favorable.

### Situation Unchanged.

Denver, Col., May 1.—State and fed-  
eral authorities co-operated in an ef-  
fort to settle the Colorado strike of  
coal miners, but the situation was  
still unchanged, except that there had  
been no violence reported. Regular  
troops occupy the Trinidad, Fremont  
county and Walsenburg districts, and  
state troops are still in service at  
Ludlow and in the northern coal field.  
At the direction of Major Holbrook,  
additional state troops were sent from  
Ludlow to Aguilar.

### Quiet in Strike Zone.

Denver, Col., May 1.—With federal  
troops on the ground conditions were  
quiet in the Colorado strike zone.  
State troops are being relieved as  
rapidly as the regulars are sent to  
points where disturbances have oc-  
curred and the militant strikers are  
said to be dispersing.

The federal soldiers now are pa-  
trolling the Fremont county district,  
and regular troops under Captain Far-  
ker have superseded the militiamen  
at Walsenburg. The regulars will oc-  
cupy the Ludlow district and the na-  
tional guardsmen from both Walsen-  
burg and Ludlow will soon be in  
Denver.

### Shooting in Traction Strike.

Freeland, Pa., May 4.—Two persons  
were shot and slightly wounded in  
clashes between sheriff's deputies and  
striking motormen and conductors of  
the Lehigh Valley Traction Company  
and their sympathizers here.

### Nordica Cannot Live.

Washington, May 4.—Consul Rar-  
den, at Batavia, has reported to the  
state department that the condition  
of Madam Nordica, the opera singer  
who is ill there, is hopeless.

## See that joint!

THAT patented joint has revolu-  
tionized the whole business of  
building silos by making it pos-  
sible to construct a perfectly solid  
stavesilo of any desired height. When  
put together with a little white lead at  
these joints, a two-piece stave  
is as good as if it were made of one-piece  
staves, and very much less expensive. There  
is no metal at these joints to become cor-  
roded by the acids and no outside moisture  
can collect in them to rot the wood. This  
joint adds years to the life of your silo and  
many dollars to its value.

We have a plan by which you can own  
an Indiana Silo and let it pay for itself out  
of what it saves for you on next winter's feed  
bills. Give us a chance to explain it to you.
